## Wonderful Rain Drenches All Hamlin Trade Territory

A wonderful rain in August, following a number of blistering hot days brought relief to all kinds of life and crops. That is what happened on Wednesday, August 15, 1940.

Yep, more than two inches fell in the immediate community of Hamlin and in other nearby communities it was heavier and yet in others not so much. In general the rain might be considered as general.

Considerable more water was caught in the new lake, perhaps enough to replace all that has been used by Hamlin in the past hot weeks. The fall was heavier this time on the west end of the water shed, but when one remembers that it was very dry, the soil took up most of the water.

With rain coming here in the middle of August, it seems reasonable to assume that there will not be any more prolonged excessive hot days. Nights are getting longer and cooler and that is fine on cotton and late feed. The rains have made a different picture for cotton and the late feed crops. It would now appear that the prospects for a fair cotton crop are better than one year ago. The older feed crops were cut to light quality by the prolonged dry spell, yet an immense amount has been produced and much of it already gathered.

It would now appear that early wheat sowing would be possible, or at least the ground should be in fine shape for preparation for wheat.

There is more livestock in this country than ever before, and rains mean more weeds, more grass and pasturage to fatten stock before cold weather.

## Revival At Abbey

A revival is being conducted this week and a part of next week in the Abbey Baptist church, southeast of Hamlin. Rev. H. E. East is assisting the pastor, Rev. Charles Tarrence in the meeting. Crowds have been good thus far considering the number heading maize the first of the week, and considering the weather the middle of the week.

W. L. Boyd J., of Hamlin, is one of the 110 graduates in the Baylor University summer commencement who will receive his Bachelor of Business Administration degree. The exercises took place Thursday, Aug. 15th.

## FIRST BALE COTTON GINNED AUGUST 13

Early planting is having its effect in this West Texas area. Here's proof: H. L. Hammit, who lives near Royston, planted his cotton about the first of April. Even a freeze came after he planted.

On Tuesday, August 13, Mr. Hammit drove into Hamlin with a 1900 pound load of seed cotton. The Pioneer Gin Company ginned the bale for Hammett and it weighed 493 pounds lint.

A nice premium was presented Mr. Hammit, including the free ginning.

Those listing their names, making contributions along with their congratulations, are as follows:

**\$1.00 GIFTS:** James Dunlap, Srtauss, Albritton, Spencer, Johnson-McBride, Barrows, Day's, Safeway, The Herald, Waggoner's, Bryant-Link Co., and York's.

**\$5.00 GIFT:** F. & M. Bank.

**.50 GIFTS:** Morgan Insurance, Eddie Jay, Boots Walker, J. B. Bowman, John Howard, Holly Toler, Hudson Service Station, Cassle Insurance, Mrs. E. M. Wilson, Reynolds Drug Store, Malouf's, Fair Store, Geo. Howard, Clyde Wilson, and G. C. Barnes.

**.25 GIFTS:** S. D. McMahon's and Mrs. L. L. Cowan.

Total Premium, Mdse. and cash, \$25.00.

Hammit says he has 59 acres of cotton, some on hard land and some on sandy. The hard lands are ripening faster than the sand, owing to the continued dry weather.

This is early and too early to "prognosticate" on yields. But the general outlook is far better than at this date of last year. The only thing now that is hurting the cotton farmer is "what about the price." The world some day may need more cotton but right now the non-cotton nations are killing one another and maybe will never use as much again as in the past few years.

Cotton is a hot weather plant and should be doing extra fine lately. However it must have a little rain as well as sunshine. So till near frost all guesses must be wild as to the crop.

The fine rains of early Wednesday morning will likely be a great boost to the cotton crop, making heavier bolls, and in all young plants, especially, will continue the growth.

## Cearley Thanks Voters For Liberal Support

I wish to thank the voters of Jones County for the liberal support given me July 27, in my race for District Clerk. I am extremely grateful for those who worked in my behalf. I received 2339 votes and my opponent, Robert W. Cross, received 2489 votes. Being a true Democrat, I am willing to abide by the decisions of the people who gave my opponent 150 votes majority and I will be seeing you two years from now as a candidate for District Clerk of Jones County.

BILLIE R. CEARLEY

Postmaster Harold Bonner and family are vacationing in New Mexico. They left on August 3 and will return on August 23.

## Former Hamlin Banker Making Good Sweet-water Production C. A.

O. H. Berry, secretary-treasurer of the Sweetwater Production Credit Association, reports the Association has made good progress the past twelve months in spite of adverse physical conditions in this section of the country.

According to Mr. Berry, they have had a substantial increase in both volume of loans, which are \$687,191.40 at this time, and in the number of members which are approximately 100 more now than they were a year ago. Profits, which belong to the members, have shown a corresponding increase. Local investment has grown from \$45 to \$96,160.00 as of July 31, 1940.

A branch office has recently been opened at Snyder, by Mr. Berry and others will be opened in other counties in the near future to give better service to farmers and stockmen who live some distance from Sweetwater. Educational meetings have been held in several communities this summer and more will be held from time to time.

## Burton's Cafe Opened This Week; Nifty, New

A very unique place of business is that of "BURTON'S" which opened this week in the building where Mr. Burton formerly operated a Bowling Alley.

This is a "nifty" place, including many new and modern features. It will just be called "Burton's".

Mr. Burton operated a cafe in Munday for fifteen years on a stretch and was highly esteemed by all the people. He proposes to keep his place up to the minute in every detail for service and comfort.

## BAPTIST CHURCH

That 311 in Sunday school last Sunday looked encouraging. That makes our average thus far for this quarter, 294. This is four more than our goal, and we have a feeling that we should go far beyond our goal by the end of the quarter. Training Union attendance is doing better. The new primary union is really going places. We hope before long the adults will be going again in this work.

Let's beat all records next Sunday. With the great rains we have received, God should be praised. Let's do it together in His house Sunday. The pastor will be in the pulpit Sunday morning, and Sunday evening the young people will lead in the service. Miss Bobby Jo Cox will direct in a program that should be worthwhile.

The need of real, genuine, vital Christianity was never greater. In a world reeling to and fro like a drunkard, we need something that can stand the test. Christianity can stand that test. As Earl Haig has said, "The Christian religion, backed by a united Christianity, and a church as daring and heroic in spiritual lines as the army has been in military lines, is the one hope of the world."

Mrs. J. C. Randel of Abilene is a guest of Mrs. S. D. McMahon this week.

Little Misses Dorothy Sue Marr and Lydia Dora O'Neal of Aspermont were visitors in the Herald office Saturday afternoon. They were accompanied by Miss Nancy O'Neal who is for the time being gathering news for the new editor, Mr. Garner of the Aspermont Star.

T. V. Randolph of Riverside, California, came in Sunday to visit his sisters, Mrs. G. D. Raney, near Nelda and Mrs. D. H. Craddock at O'Brien. Other relatives live at Vernon, and in Taylor county. He will stay in Texas about two months, visiting in various parts of the state.

Mr. and Mrs. Horace McGee of Fort Worth, were here Sunday to visit their sister, Mrs. Burns Eakin and family and to accompany their mother, Mrs. E. T. McGee, of Dallas who has been ill for some time in the Eakin home, to Fort Worth where she will receive special medical treatment.

## METHODIST CHURCH

Rev. John W. Hendrix, Pastor.

Church school meets at 9:45 each Sabbath morning.

The pastor and his wife are off on a short vacation and will be away next Sunday. In the pastor's stead next Sunday at 11 A. M., Mr. E. M. Connell, Supt. of public instruction in Anson, will speak. He is widely and favorably known in our church and community. The church will hear him gladly. There will be no public worship in the evening.

The League and Young People will meet at 7:30 P. M.—their usual hour.

The pastor and his wife desire to thank the church for their kindly consideration in regard to the vacation. The church is rapidly coming to see that the pastor should have a little time off, to rest and recreate. The fall is always full of hard work for the pastor.

Vacation isn't a matter of weather—temperatures, not at all. All countries any one has in mind—except one—has its faults. If one lives where it is not so hot in summer it is cold enough in winter to freeze the horns off of a goat. Vacation is purely for a change and rest. If one lives where it isn't so cold in the winter the heat may be a bit trying.

## IT GIVES US GREAT PLEASURE

To announce that Rev. C. A. Bickley accompanied by his capable wife is to do the preaching in the coming revival at the Methodist church. Dr. Bickley has held some of our leading appointments, Vernon, Big Spring, etc., and has served at presiding elder on some of our largest districts, was a delegate to our last General conference. The pastor wishes to take this method to say that it gives him the very greatest confidence for success in the revival. He also urges the utmost co-operation of the church, of all Christians of all churches in this effort.

Eddie Nayfa is stepping high since Friday of last week. You see, Eddie Nayfa is manager of the "Fair Store" in Hamlin and since their coming to Hamlin Eddie has kept the road hot from Hamlin back to Sweetwater. It is a girl and her name is Almas, for its grandmother. Later Mrs. Nayfa and the little lady will join Eddie in Hamlin to make their home.

There's no luck in fire prevention. Knowledge, care, work—these are the cures to America's tragic and excusable "fire disease." Everyone must do his share. There is no room for slackers in the war against fire.

## Commissioner Turner

Thanks All Voters

To All The Citizens of Precinct No. One and Jones County:

I want to thank each and every one of you for the splendid vote which you gave me on July 27th. I appreciate everything you did and especially your co-operation in the past.

Whether you voted for me or not I wanted to do everything I can to help all alike and do the best I can for the best interest of Jones Co. as a whole. I thank you for your co-operation in the past in the work we have been trying to do, for it would have been impossible to do the work we have done without your co-operation. Won't you please continue this co-operation in the protection of the finances of the county and in everything else that is for the best interest of all.

I kindly ask every one to appoint yourself a committee of one in helping me to secure right-of-way in all parts of the precinct for the purpose of widening roads that we may have better roads. Times have changed and especially since the arrival of the school bus and trucks. We must have wider roads to make them safe for school bus travel and many of them are too narrow for any kind of traffic and especially the bus and truck type. You cannot build roads without sufficient space and I cannot secure space without your co-operation, and this I sincerely request.

Sincerely yours,  
JNO. C. TURNER

Owing to the fact that my place of business has been undergoing repairs to the walls and ceiling and so much confusion, I failed to tell the Hamlin Fire Boys through the press, how much we appreciate their valiant work in saving my stock of goods. ## Hitler Champions A World Revolution

The pattern of Hitler's projected world revolution steadily becomes more clear. It is apparent to anyone that this is not a war in the traditional sense, in which Germany, if she wins, will be satisfied with reparations and colonies and economic power. What the Nazis obviously intend—despite their occasional protestations to the contrary—is the complete and final destruction of the British Empire, which for hundreds of years has held the balance of power in Europe and a large part of the rest of the world. And following that, if the Führer's astoundingly frank Mein Kampf is to be believed, the rest of the democracies will receive similar treatment. Nowadays, the only democracies left, save England, are the American Republics. And of the American Republics, only the United States possesses sufficient wealth, resources and potential armed strength to be a serious obstacle to the aims of National Socialism.

Men who were once close to Hitler have been describing what he plans if and when England falls, and the glittering Empire on which the sun never sets crumbles away. They say that Hitler has no intention of launching an immediate military attack on the United States and the New World. If he did that, he would be courting disaster—the tactical obstacles in the way are gigantic, no matter how great his military and naval power. And Hitler and his high-ranking advisers seem to feel that the U. S. can be conquered simply and easily. First planned step, according to the reports, is to court U. S. good will, by offering us favorable economic agreements. This is designed to lessen our suspicions, and to create public opposition to spending more billions for national defense. At the same time, the Nazis, as quietly as possible, will carry on their economic penetration into Latin America. Next technique will be undercover work to create dissension within this country—to set group against group, race against race, class against class, and thus to make genuine national unity impossible. Nazi propaganda chief Goebbels and Nazi philosopher Rosenberg, judging by their speeches and writings, seem to believe that this can be done with little trouble. They have said time and again that the U. S. is ripe for revolution, and only a competent directing hand is needed to bring it about when the time comes.

Finally, if it becomes necessary, Hitler's great armed forces will attack us—depending largely upon internal unrest and disunity to make the job of his sailors and soldiers and airmen comparatively easy.

This may sound fantastic, but it seems to be the Nazi plan, and Hitler realizes that if he is to achieve a world revolution unprecedented in history, he must have allies. It must be admitted that he has so far been extremely successful in getting them. It was said for years that National Socialism would come a cropper when it ran into its old arch foe, communism. But today German-Russian relations are apparently the best, and Soviet spokesmen have been denouncing the U. S. and England and praising the Reich. Italy was a world war ally—today she is Hitler's partner, and Fascist authorities have been extremely outspoken concerning Axis plans for dismembering England and giving the U. S. a dose of harsh economic medicine. Last, Japan—also a world war ally—seems to have gone Axis-ward whole hog. The new government is pro-Fascist, and 100 per cent anti-Democratic. English rights in the Far East are being ruthlessly abrogated, and Britain had to swallow a humiliating pill recently when she agreed to Japanese demands to close the Burma Road, principal source of supplies for beleaguered China. And Japanese-U. S. relations have rarely been in a worse state.

According to Nipponese authorities, Japan will pursue her "Asia Asiatics" policy—a policy which is about as cruel and imperialistic as any in history—whether we like it or not. U. S. protests will not be seriously considered. And say the Japanese sword-wavers, the Land of the Rising Sun will go to war with us if necessary. So far as Europe is concerned, Japan is solid-

ly in favor of German-Italian plans and actions.

American naval authorities have lately said that our navy could destroy the Japanese fleet in a few weeks in open warfare. But, if we went to war in the Pacific, the Atlantic would be wide open to the Axis, and we would be in no position to adequately fight Nazi-Fascist economic aggression south of the Rio Grande. That explains why most authorities believe we will do little even if Japan does seize Indo-China, property of totalitarian-ruled France and the Dutch Indies. Moral pressure is about all we can afford to use right now—and moral pressure gets few results in the world of today.

If Britain is able to survive Hitler's attacks, the picture will be drastically changed. The U. S. as a Democracy will not fall if England falls—but the future of democracy will be immeasurably brighter if England lives.

## Jones Co. 4-H Boy Is On Educational Tour

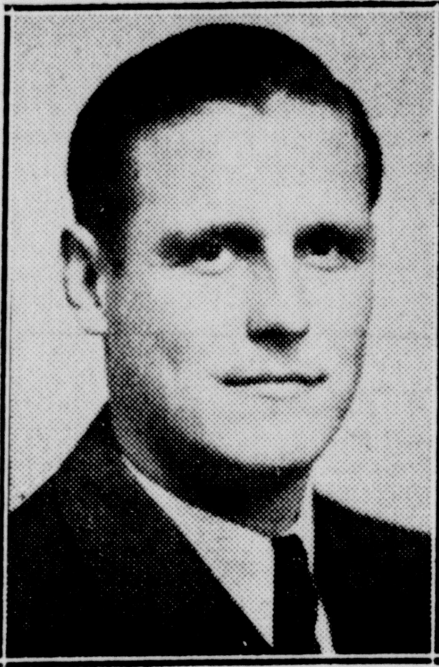

The 4-H Club boys of District 7, composed of 19 counties, left Saturday, August 5, for a ten day educational tour. Douglas Levern, Stamford 4-H Club member, went from Jones County. The itinerary is as follows: Brownwood, Fort Worth, Dallas, Mt. Pleasant, Texarkana, Hot Springs National Park, Nashville, Blue Grass Region, Rayon Plants, Mammoth Cave National Park, Chicago, Lake Michigan, Stock Yards, Feed Lots, State College, Kansas City, Stock Yards, Joplin, Oklahoma City, Home.

Ralph Caffey, Anson 4-H Club member, and winner of the Farm Record Book Contest of Jones Co., has been announced one of the National winners in the same contest. This contest is sponsored by the Extension Service and the International Harvester Company. It is a worthwhile contest and any 4-H club boy is eligible to compete. The contestant keeps a record of the complete operations of his father's farm for one year. This contest begins on Jan. 1st each year at which time an inventory is taken and then at the close of the year. By this method of farming, a farmer can easily tell what enterprise made or lost his

money.

Ralph was awarded a cash prize of six dollars (\$6.00) for his achievement.

## Appreciates Your Vote

I wish to thank the citizens of Jones and Shackelford counties for the splendid vote that was given me in the July primary. Through the efforts of my friends and myself I was able to lead in the two counties by 96 votes. I am deeply grateful, and I solicit your vote and influence in the election on August 24th.

If elected your next representative, I pledge myself to support legislation to pay the state's obligation in its Social Security program. During the past few years the legislators in Austin seemed to have evaded this important issue by using it as a "political football." Through the co-operative effort of representatives and the governor this problem may be sanely remedied; I pledge you this co-operation.

I assure you I have no political "axe" to grind, there is no one to whom I owe affiliation except the voters of these two counties.

My education is sufficient to fulfill the requirements for the office of representative, and I assure you I have no desire to strengthen my education at the expense of the taxpayers.

If elected I shall give my full time to the problems of our district while in Austin. I shall keep in touch with you constantly through your newspaper letting you know how I stand on the problems of legislation; advising you as to future legislation, and inviting your suggestions and guidance.

"A public office is a public trust". Go to the polls and vote for a man who is honest, sincere, and capable of being your representative in a way that you would like to be represented.

## Mosquito Fight Still

### Going On Till Frost

The Herald Editor does not claim anything in the 1940 mosquito fight in Hamlin except "self defense". To spend even one evening on a grassy lawn without getting bit by a mosquito is worth all the print, the talk, the labor, contributed in this cause.

Up to this time, August 15, we have "begged" several hundred gallons of kerosene and directed its distribution where it would most likely help keep new mosquitos from hatching. The last and most persistent producing hole of water is that of more than a mile stretch in the creek that receives the sewer disposal. It must be treated weekly till frost. Besides this, every bit of the water in the street ditches, along rail roads, about vacant lots, must again be treated since the new rains of this week.

Up to August 15, only FOUR persons have expressed opposition to having kerosene in a small amount poured into their tin cisterns. Yet it has been determined that such water is not used for drinking purposes. Next week every cistern in Hamlin should be treated with new kerosene to continue to keep new wiggle tails from hatching. If anybody wants to keep a place for breeding and hatching mosquitos, that is their business and not a drop will be placed in any cistern without permission. But every place untreated is just that much to harm all the community. To depend on "everybody" to look after this matter is to leave it half done. That is not going to get rid of the mosquito. Somebody MUST be responsible for what is done, and do the job.

O yes, there are now plenty of flying mosquitos. But remember this is the first year to fight them and that we got started 40 days late. All we can do now is to fight them to the end. The fewer we have at frost the less we shall have to fight next May 1. If one does not care to co-operate in killing mosquitos, please do not drag your feet to make the load heavier. Remember most of this work is on a volunteer basis, and nobody is begging you to help fight for yourself.

At the end of the season the full report will be made as to what was expended and what materials were used.

## To The Voters of Jones County:

BILL ARMSTRONG was high man in the race for COUNTY TREASURER by more than 650 votes over his nearest opponent. That speaks well for him in a race with five other good men. For the splendid vote you gave him he is thankful.

Bill went to school to me during his SENIOR YEAR in high school, in fact he was in my own class. He did good school work. I KNOW he is well qualified to make this COUNTY a good TREASURER. He is clean, honest, deserving, the son of Rev. C. C. Armstrong of Anson. He really needs the office, since he is crippled physically to such an extent that it is impossible for him to do hard physical work as you or I might do.

The picture is a glimpse at the home life of Pierce Brooks of Dallas, candidate for Railroad Commissioner. It was snapped on the lawn of the Brooks home on one of the rare intervals the candidate has been at home during this campaign.

At the left is Bob, 12-year-old, red-headed overlord of the family, who asserts it is "sissy" to have a picture taken, comb his hair or wear a belt. His specialty is crawdad hunting.

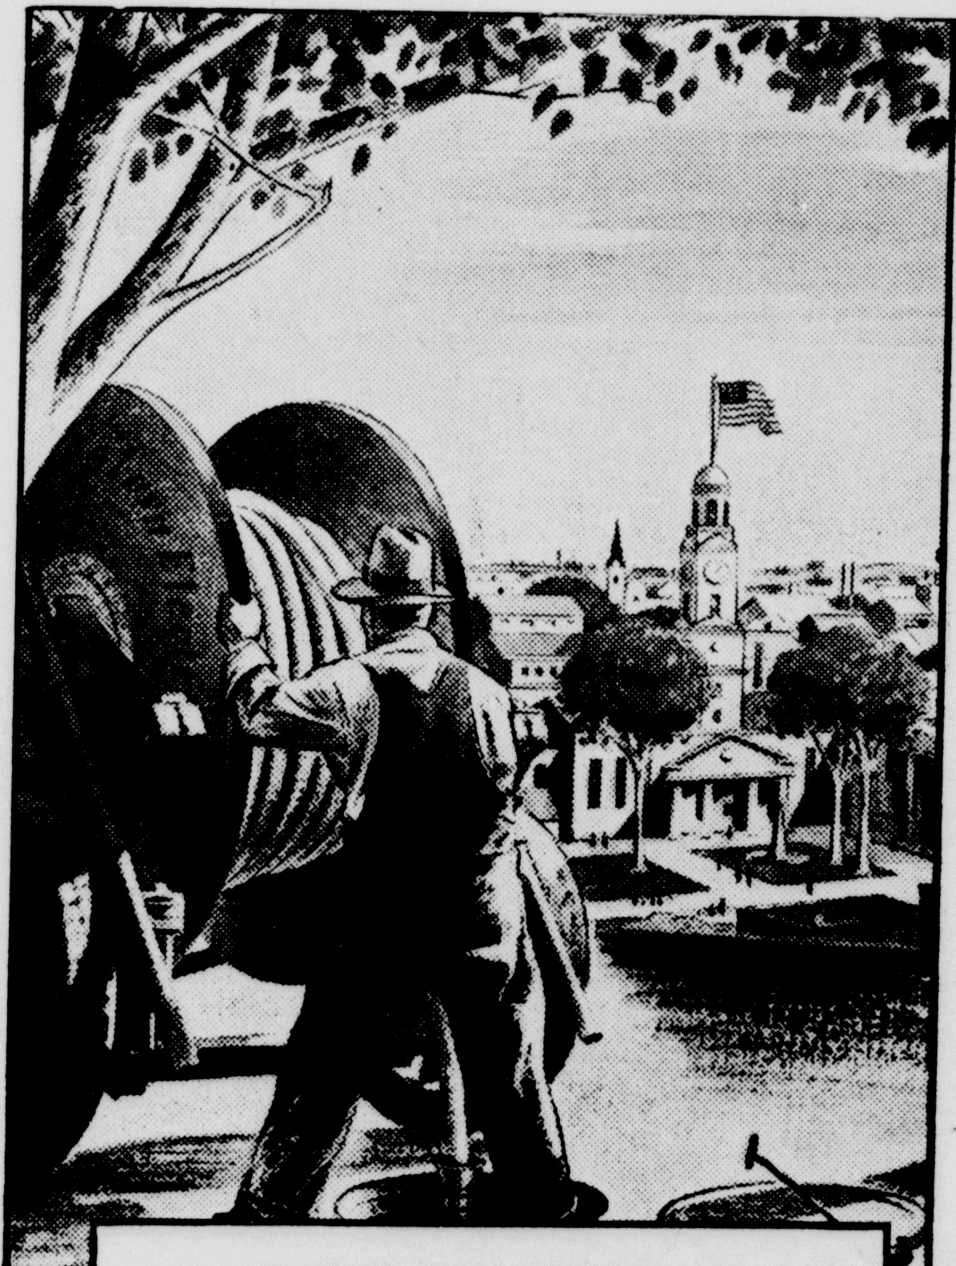

Mrs. Brooks, who does most of

the work of keeping the family flowers in order, looks on approvingly while the candidate receives instructions from her on just what to do next.

Both Mr. and Mrs. Brooks are natives of Alabama. Brooks has lived in Dallas 20 years and brought his wife here from Alabama when they were married 14 years ago. Both are descendants of Confederate soldiers the grandfather of Mrs. Brooks being a captain in the army. Before her marriage, she was Martha Bal-

lowe.

The candidate's wife is not a politician but she did make a short radio address the other day in behalf of her husband. "I will appreciate your support of my husband," she said. "I know he is a good man and I know he is qualified and wants to serve all the people of Texas." Bob merely added his voice to pipe: "I hope you will all vote for my daddy," and immediately hid away with his dog looking for crawdads.

## Hamlin "Golfers" Fished In The Gulf of Mexico Recently

Last week, believe it or not, four Hamlin "golfing" couples took their game to the Gulf at Free Port and spent three days, one only fishing out about ten miles.

This may be a "fishy story" but they returned Thursday but shipped about 18 fish home . . . 150 pounds of fish—no, not one fish but all the 18. All this fish weight was cold stored till Monday night and then a guest list of about 40 were assembled in City Park for a real "fresh fish fry" . . . the fish were so large that only four were needed . . . to feed the "multitude".

The couples going to Free Port were: Attorney and Mrs. Travis Dean, Mr. and Mrs. Holly Toler, Mr. and Mrs. Art Carmichael and Mr. and Mrs. Henry Albritton.

Now that "fry" was just an eating affair . . . just an effort to do away with a lot of fish. Oh yes, they did play a little golf in the salt breezes.

Attend the Cake-Walk Saturday night.

Miss Janet Allbritton, of Waco, is visiting her sister, Mrs. Arlie Cassle and Mr. Cassle.

Those present were, the son, Joe O'Neal and wife and children Johnnie, Sharon, and Joseph Weldon of Blue Ridge, Texas; John O'Neal and wife and children, Lydia Dora and Bobby Eugene, of Aspermont; Mrs. Thompson Young and husband and their little daughter, Yvonne of Boyd Chapel; and then there were the "home" children, namely, Miss Nancy, Billie Don and Fannie Belle O'Neal.

Others present were Mr. and Mrs. Walter Wright and children, Ora Mable and Evie of Abilene, and Mrs. Cecil Williamson and little daughter, Lillian of Gorman and little Miss Dorothy Sue Marr of Aspermont.

## DOVIE NEWS

The Dovie revival meeting closed Sunday evening, August 11. I am sure not one attended the meeting who did not receive a blessing. Rev. Hamilton Wright and family returned to their home at Baird where he will fill his pulpit for the first time since the last Sunday in June.

Virginia Lee and Ida V. Cooley, who had charge of the Boosters during the revival, entertained them at the home of Mr. and Mrs. Lewis Holden Tuesday afternoon at 2:00 o'clock. Games were played. Later refreshments consisting of cookies, cake and punch were served by the hostesses.

At Pleasant Valley Rev. Wesley Turner will be in another revival meeting beginning August 16th.

Virginia Lee Cooley will bring a special program to the League Sunday evening, August 18th.

Mr. and Mrs. G. P. Odom left this week on their fifteen days vacation. They planned to go to various Pacific points and back by Salt Lake City, and Denver. They travel by "Santa Fe" all the way — of course.

## Vegetable Laxative Has Important Points

Most people want a laxative to do three things: (1) act punctually, (2) act thoroughly, (3) act gently.

Here's one that usually fills all three requirements when the easy directions are followed. It's an all-vegetable product whose principal ingredient has medical recognition as an "intestinal tonic-laxative."

That's the ingredient which enables BLACK-DRAUGHT to help tone lazy bowel muscles. It is the main reason for the satisfying relief from constipation that generally follows next morning when BLACK-DRAUGHT is taken at bedtime. The millions of packages used are proof of its merit.

Mrs. Fred Mayfield and son, of California, are here to visit her mother, Mrs. L. B. Bruner, her sister, Mrs. Loy Fry and other relatives.

C. S. Phipps of Torrence, Calif., has been in his old Hitson community for two weeks. He is going to be here a few days longer. They are well pleased with their new home and don't mean to come back to Fisher County, however, they still own 360 acres of good land.

Misses Edwina Gilbert, Eugenia Baskin of Ballinger, Maybelle Tinkle of Fort Worth and Mrs. Gerald Morgan returned Tuesday from an extended trip through the Southern States to Washington, New York, New England States, and into points into Canada.

Miss Eleanor Temple is in Odessa visiting her friend, Mrs. E. Clyde Smith.

Mrs. Fed Britton and Miss Ava Hudson left Wednesday for Glen Rose.

Fifty cakes given to persons holding "lucky places" Saturday night.

## POT SHOTS FROM McCAULEY

BY GEO. DARDEN

Mr. and Mrs. Earl Andrus of Arlington, Calif., are visiting their parents, Mr. and Mrs. Andrus of Hamlin and Mr. and Mrs. Drennon of McCaulley. Earl tells us that he will return to his job in California in about ten days.

Mr. and Mrs. Sam Darden and children of Longview and Mr. and Mrs. M. A. Darden of Girard spent last week end in the home of the Geo. Dardens.

The Baptist meeting now in progress is having large crowds, fine

singing and good preaching is to be heard each day and night throughout the week. Come.

Louis Hopkins suffered a broken arm last Friday, while eating watermelon under the drive-way of Rector's garage. He failed to dodge when a car driven by A. L. Gregg drove in and it seems that the brakes failed to hold. The result is an arm broken in two places. We are sorry to learn of this accident. Hop is still on the job and still having a lot of fun and says he will duck next time.

Mr. and Mrs. L. C. Houghton have returned from Midland where L. C. has been employed as bookkeeper for a creamery there. They will make their home at Plesterco where L. C. has been employed as bookkeeper for the Gypson plant.

Mr. and Mrs. Red Gilliland of Sweetwater were week end visitors in the home of Mrs. Gilliland's mother, Mrs. Perryman.

Mrs. J. I. Parker is visiting relatives in Slaton this week.

Mr. and Mrs. Jack Johnson have moved to the O. T. Hennington farm east of town. Jack is employed at the Gyp mill.

Glenn Gray, a welterweight professional boxer, is in McCaulley visiting kinsmen. Glenn's next fight will either be in Little Rock, Ark., or Lubbock.

Rain clouds look pretty good at this writing. A good rain now would insure a fair cotton crop and plenty of feed.

Mr. and Mrs. Edd Fairy and little daughter of Jal. N. M., visited in the home of her parents, Mr. and Mrs. W. B. Mayo last week. Others present in the home of the Mayos Sunday were Edd Fairy's mother and father, Alvis and Jessie Mayo, and little daughter; Archie Fairy and family of Hamlin, W. A. Hemphill and wife, and Charlie Cooper, a brother of Mrs. Mayo. A big feast was enjoyed by all, along with a huge watermelon shipped from Weatherford.

Walker Hendrickson, who lives in California, was in to see me the other day. He complimented the writer on last week's Darden-gram about Mr. Lindbergh. Thanks a lot. My editorials are all written on the spur of the moment, and with a patriotic desire to aid our government at all times.

The N. H. and J. N. Wisherts had as their guests last week a sister, Mrs. J. M. Miller of Plainview, also a nephew and family, Mr. and Mrs. Victor Wishert and daughter of Phoenix, Arizona.

Mrs. C. L. Smith and little daughter, Joan of Rotan, are visiting this week with her parents, Mr. and Mrs. N. H. Wishert.

Mrs. L. E. Rector entertained on August 4th with a birthday party, honoring Patricia Louise on her 4th birthday. Games were played and refreshments were served to a large number of youngsters.

Mr. and Mrs. Howard Miers of Welsh, Texas, and Mr. and Mrs. W. W. Miers and children of Balmorhea, Texas, were visitors in the home of their parents, Mr. and Mrs. S. E. Miers on last Tuesday.

Misses Nell Riney and Hettie Logan Clay were visitors in McCaulley on last Tuesday. Miss Riney and Miss Clay are former teachers of the school here and they tell us that McCaulley still seems like home to them.

Joe Miers suffered a broken nose the other day, when a pipe wrench slipped and hit him in the face while working at the Miers Gin.

Mr. and Mrs. Raymond Gregg and sister, Emma Dee, are visiting in the home of their parents this week, Mr. and Mrs. Ernest Gregg.

Quite a number of McCaulley citizens went to Rotan and Roby to hear our Congressman, Clyde L. Garrett speak last Tuesday.

It has been said that Germany's preparation for war cost forty billion dollars, and it is with regret, that a peaceful nation such as the United States is compelled to strengthen our national defense and arm to the teeth to meet any emergency that may befall us next. Senator Norris is making a big to-do about compulsory military training and it seems there are a few in our land that will do all within their power to slow up production of necessary war materials that we may need so badly at any hour. If war comes and we are not prepared then we shall find our selves in the same predicament as France, Poland and other nations who have fallen by the sword. Our national defense and preparedness depend on the co-operation of every citizen and it is of vital importance that the House and Senate refrain from too much debate on such a program in a time like this. Compulsory military train-

ing probably means military preparation sufficient to meet and overcome the combined offensive military resources of any three dictators in the world. It would be fatal for the American people to underestimate the sacrifices involved.

## "Build-Up" Important Protector of Women

A weak, undernourished condition often enables functional dysmenorrhea to get a foothold; thus leads to much of woman's suffering from headaches, nervousness, and other periodic discomfort.

CARDUI's principal help for such distress comes from the way it usually stimulates appetite; increases flow of gastric juice; thus aids digestion; helps build energy, strength, physical resistance to periodic pain for many.

Another way, many women find help for periodic distress: Take CARDUI a few days before and during "the time." Women have used CARDUI for more than 50 years!
